Forecast For Highland & Eilean Siar
Issued by Met Office Aberdeen
at 0400 on Saturday 11 Dec 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Wet and windy at times.

Today:
Mainly cloudy with rain quickly extending to all parts, becoming heavy for a time then dying out during the afternoon. Drier and clearer conditions developing over the Western Isles and west coast by dusk. Turning milder, fresh to strong winds. Maximum temperature 10 deg C (50 deg F).

Tonight:
Clearer conditions with a scattering of showers spreading to all parts this evening, the showers most widespread across the Northwest Highlands. Fresh southwest winds around the west coast. Minimum temperature 2 deg C (36 deg F).

Sunday:
A bright start with scattered showers. Rain spreading from the south in the afternoon, becoming very windy, perhaps stormy across the northwest later in the evening. Maximum temperature 10 deg C (50 deg F).

Outlook for Monday to Wednesday:
Winds soon easing on Monday, then bright with blustery showers. Windy with rain, heavy and persistent across the Northwest Highlands, on Tuesday. Windy with showers on Wednesday.
